

Independent Limited Assurance Report

(Free translation from the original in Portuguese)

To the Board of Directors of Altri, S.G.P.S., S.A.,

Introduction

We were engaged by the Board of Directors of Altri, S.G.P.S., S.A. ("Altri" or "Company") to perform a limited assurance engagement on the indicators identified below in the section "Responsibilities of the auditor", which integrate the sustainability information included in the Sustainability Report 2021 ("Report"), for the year ended in December 31, 2021, prepared by the Company for the purpose of communicating its annual sustainability performance.

Responsibilities of the Board of Directors

It is the responsibility of the Board of Directors to prepare the indicators identified below in the section "Responsibilities of the auditor", included in the Sustainability Report 2021, in accordance with the sustainability reporting guidelines Global Reporting Initiative, GRI Standards, for the option "In accordance – Core" and with the instructions and criteria disclosed in the Sustainability Report 2021, as well as for the maintenance of an appropriate internal control system that enables the adequately preparation of the mentioned information.

Responsibilities of the auditor

Our responsibility is to issue a limited assurance report, which is professional and independent, based on the procedures performed and specified in the paragraph below.

Our work was conducted in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised) "Assurance engagements other than audits or reviews of historical financial information", issued by the International Auditing and Assurance Standards Board of the International Federation of Accountants and we have fulfilled other technical standards and recommendations issued by the Institute of Statutory Auditors. These standards require that we plan and perform our work to obtain limited assurance about whether the GRI Standards indicators, identified in the Sustainability Report 2021, are free from material misstatement.

Our limited assurance engagement also consisted in carrying out procedures with the objective of obtaining a limited level of assurance as to whether the Company applied, in the sustainability information included in the Sustainability Report 2021, the GRI Standards guidelines.

For this purpose the above mentioned work included:

- (i) Inquiries to management and senior officials responsible for areas under analysis, with the purpose of understanding how the information system is structured and their awareness of issues included in the report;
- (ii) Identification of the existence of internal management procedures leading to the implementation of economic, environmental and social policies;

PricewaterhouseCoopers & Associados – Sociedade de Revisores Oficiais de Contas, Lda.

PricewaterhouseCoopers & Associados – Sociedade de Revisores Oficiais de Contas, Lda. pertence à rede de entidades que são membros da PricewaterhouseCoopers International Limited, cada uma das quais é uma entidade legal autónoma e independente.

- (iii) Testing, on a sampling basis, the efficiency of processes and systems in place for collection, consolidation, validation and reporting of the performance information previously mentioned, through calculations and validation of reported data;
- (iv) Confirmation that operational units follow the instructions on collection, consolidation, validation and reporting of performance information;
- (v) Execution of substantive procedures, on a sampling basis, in order to collect evidence of the reported information;
- (vi) Comparison of financial and economic data included in the sustainability information with the data audited by the external auditor, in the scope of the audit of Altri's financial statements for the year ended in December 31, 2021;
- (vii) Analysis of the process for defining the materiality of the sustainability issues, based on the materiality principle of GRI Standards, according to methodology described by the Company in the Report;
- (viii) Verification that sustainability information included in the Report complies with the requirements of GRI Standards, for the option "In Accordance - Core".

The procedures performed were more limited than those used in an engagement to obtain reasonable assurance and, therefore, less assurance was obtained than in a reasonable assurance engagement.

We believe that the procedures performed provide an acceptable basis for our conclusion.

Quality control and independence

We apply the International Standard on Quality Control 1 (ISQC1) and, accordingly, maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We have complied with the independence and other ethical requirements of the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (IESBA Code) and of the ethics code of the Institute of Statutory Auditors.

Conclusion

Based on the work performed, nothing has come to our attention that causes us to believe that the indicators identified above in the section "Responsibilities of the auditor", included in the Sustainability Report 2021, relating to the year ended in December 31, 2021, were not prepared, in all material respects, in accordance with GRI Standards requirements and with the instructions and criteria disclosed in the Report and that the Company has not applied, in the sustainability information included in the Report, the GRI Standards guidelines, for the option "In accordance – Core".

Restriction on use

This report is issued solely for information and use of the Board of Directors of the Company for the purpose of communicating its annual sustainability performance in the Sustainability Report 2021 and should not be used for any other purpose. We will not assume any responsibility to third parties other than Altri by our work and the conclusions expressed in this report, which will be attached to the Company's Sustainability Report 2021.
